A PIONEERING SPIRIT

Born of the Frontier Spirit that drove the early settlers of the American West, comes Old Settler Kentucky Straight Bourbon Whiskey. The realization of a dream begun with the establishment of Boone's Knoll Distillery in 1879, this beautifully crafted Kentucky Straight Bourbon Whiskey reflects the strength and determination of our pioneer ancestors. Hand-selected for its power and purity, Old Settler reminds us that hard work and an adventurous spirit leads to success, and that simplicity isn't simple. Have a seat by our fire, we're always happy to share with fellow trailblazers.

TASTING NOTES

This carefully selected **6-YEAR-OLD** Kentucky Straight Bourbon Whiskey displays a rich amber-honey hue with pale gold highlights that linger in the glass. Vibrant on the nose with toasted oak, maple, candied pecan, dried apple, sweet pipe tobacco and baking spice. Round and full on the palate, you are presented with medium toast sweet oak, baked cinnamon apples, caramel, dried stone fruit and a long, warm, full-bodied finish.
